## DR MAHMOUD BAKR

**Associate Professor Mahmoud Bakr**  
(PhD, MDS, QCertHigherEd, BDS, ADC, SFHEA, FICD, FPFA, FACAM)  
Associate Professor in General Dental Practice  
School of Medicine and Dentistry  
Griffith University

Your course coordinator is Associate Professor Bakr who will take students through the complexities of facial and neck anatomy. This interactive course will be delivered by Zoom over a 6 week period, with reinforcement quizzes at the end of each week (delivered by ACAM's e-skilled platform).

Associate Professor Bakr is the ex-Director of Clinical Education (Dentistry) and an Associate Professor in General Dental Practice at the School of Medicine and Dentistry – Griffith University. He received his Bachelor Degree in Dental Medicine and Surgery from Cairo University in 2004 and completed his Master Degree in 2010. In 2012, Associate Professor Bakr was appointed as a full-time Lecturer in General Dental Practice with a special interest in teaching Oral Biology and Head and Neck Anatomy. In 2014, Associate Professor Bakr completed a Graduate Certificate in Higher Education in 2014 and a Doctor of Philosophy (PhD) in 2019. Currently, Associate Professor Bakr is an accredited examiner for the Australian Dental Council Examination for overseas training dentists and an approved member of the hearing panel for AHPRA notifications. Besides his teaching commitments, Mahmoud remains to be a clinician and undergoes private dental practice within Griffith University Dental Clinics. He has also published over 55 peer reviewed journal articles in different fields including the effect of Botulinum Toxin on different oral tissues.

Students can expect to gain knowledge of facial landmarks, veins and arteries, the bony foundations of the face and its relationship to the musculature and how aging affects both. Students will learn to appreciate the “danger zones” important to all Aesthetic treatments and skin cancer doctors.

This course is suitable for those interested in aesthetic medicine, skin cancer medicine or those who would like to increase their overall knowledge of facial anatomy. On completion of the lecture series and quizzes students will be awarded a certificate of completion. The course has been accredited with the RACQP, ACRRM and ACAM.

## Course Commitment

[www.acam.org.au](http://www.acam.org.au)

### Course Length: 6 weeks

- Completion of activities as required to claim RACQP and ACRRM points and emailed to educational support before Week One lecture;
- Weekly teaching and reinforcing quiz: 2 hours per week (live lecture) + 30 min reinforcing quiz (recommended to be completed before next lecture);
- Completion of activities required to claim RACQP and ACRRM points and emailed to educational support within 7 days of Final Quiz completion;
- Final Quiz 30 minutes (80% pass mark required)
- Award of Certificate of Completion Once enrolled, Dr Bakr will invite you to your lecture via email on Wednesday each week.

Please ensure the email that you enrol with is one that is valid and that you check regularly.

Your completion certificate will be emailed to you within 6 weeks of completion.

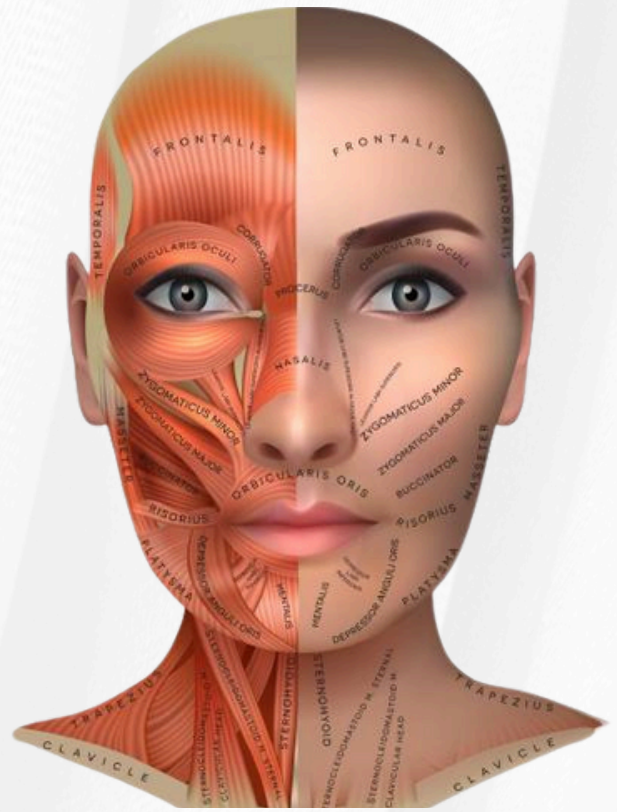

### Course Cost:

- The cost of the course is \$660 (GST inclusive)
- (ACAM members enjoy a discounted rate).
- The maximum number of participants per course will be 20.
- Course cost includes access to Associate Professor Bakr for six month period post-course completion, with any questions or queries you may have.

### Course Start Date:

- The next course starts July 2nd 2024.
- Course Enrolments are by the ACAM website

<https://www.acam.org.au/short-courses>

### Terms and Conditions:

- Enrolments are open to all, including non- ACAM members.
- Courses will be filled on a first come, first served basis.
- Course enrolment is non-refundable, it is the participant's responsibility to check their schedule and ensure they can attend the live lectures (these will not be made available after the closure of the course).
- The course must be fully paid to confirm your enrolment.
- Participants must follow the instructions of the course coordinator and ensure they are not disruptive to other students.
- Participants are required to complete the final quiz within 10 days of the final lecture (Week 6) to achieve their certificate.
- Accredited by the RACQP, ACRRM and ACAM.
- Participants may re-enrol in the course as many times as they wish, but may enrol only once for the duration of each course.
